U.S. Congress passes bill laying groundwork to CRIMINALIZE all criticism of Zionism, Israel or Jews in any context whatsoever, even with FACTS

A bipartisan coalition in Congress has [successfully passed](#) a new "Antisemitism Awareness Act" (House Resolution 6090) to persecute Americans who vocalize their disagreement with Israel's genocide in Gaza.

The legislation is so sweeping that it also targets anyone who criticizes anything related to Israel or Jewish people, even though many Jewish people living in Israel also oppose the genocidal actions of the Netanyahu regime.

"The bill has a problem beyond violating the [First Amendment]," tweeted Rep. Thomas Massie (R-Ky.) in opposition to the Antisemitism Awareness Act. "The definition of antisemitism appears nowhere in the bill!"

Check out [the bill](#) for yourself to see what Massie is talking about and you will recognize the very serious threat this legislation poses to free speech.

In a tweet, Massie provided [a link](#) to the legally adopted definition of antisemitism, which is broad and sweeping. In essence, the Antisemitism Awareness Act, should it pass both chambers of Congress and get signed into law by President Biden, will deconstruct the First Amendment and turn America into a fascist state.

 To find the legally adopted definition of antisemitism, one must go to this website below.

Not only is the definition listed there, but one also finds specific examples of antisemitic speech.

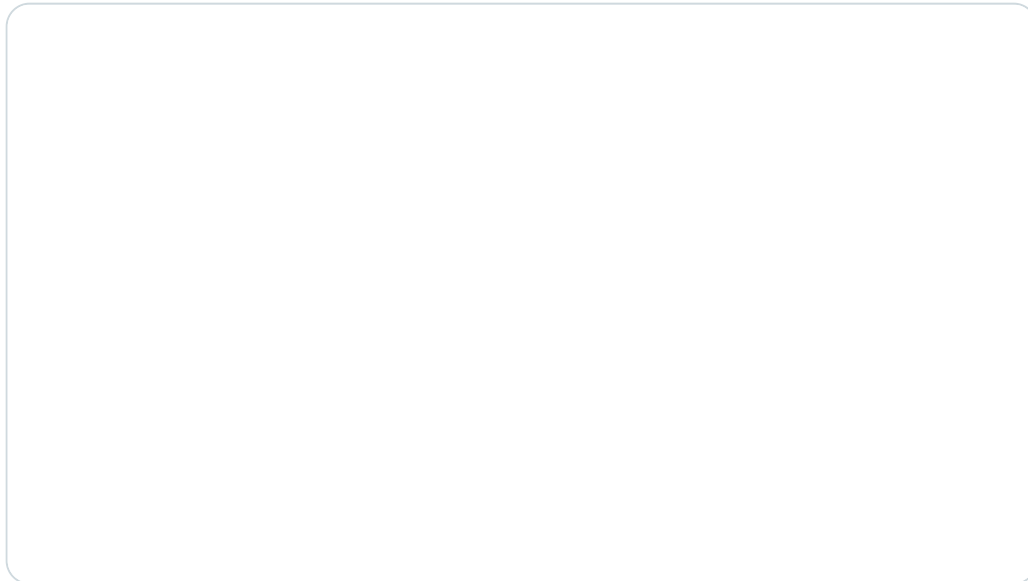

Are those examples made part of the law as well?

Do you agree with all of these examples of antisemitism? Should people in America be prosecuted for saying these things in all contexts? I think not. This is a poorly conceived unconstitutional bill and I will vote no.

Christians to be persecuted via the Antisemitism Awareness Act

Rep. Marjorie Taylor Greene (R-Ga.) also tweeted about the bill, stating that while she agrees that antisemitism "is wrong," she will not vote for legislation "that could convict Christians of antisemitism for believing the Gospel that says Jesus was handed over to Herod to be crucified by the Jews."

Truth be told, the Antisemitism Awareness Act threatens to make the Holy Bible itself illegal in that some of its language might be construed as "antisemitic," as Greene explains, because it deals again and again with the divine punishment of ungodly Israel and the Jewish "Synagogue of Satan," which the Zionists find offensive.

Rep. Matt Gaetz (R-Fla.) is another who tweeted his opposition to the bill, calling it a "ridiculous hate speech bill."

"Antisemitism is wrong, but this legislation is written without regard for the Constitution, common sense, or even the common understanding of the meaning of words," Gaetz said. "The Gospel itself would meet the definition of antisemitism under the terms of this bill!"

"The bill says the definition of antisemitism includes 'contemporary examples of antisemitism' identified by the International Holocaust Remembrance Alliance (IHRA). One of those examples includes: '... claims of Jews killing Jesus ...' The Bible is clear. There is no myth or controversy on this. Therefore, I will not support this bill."

House Speaker Mike Johnson (R-La.) conversely teamed up with the Zionists to pass the hate speech bill, showing his true colors as a Zionist First politician who works for Israel, not for the American people.

"Our AIPAC-owned Congress are doing everything in their power to outlaw criticism of Jews and Israel in defense of the Jewish State's genocide in Gaza," warned Chris Menahan of *Information Liberation* about what is transpiring.

"This was a vote to repeal the First Amendment and pledge allegiance to Israel and it sailed through Congress 320-91 ... ADL CEO Jonathan Greenblatt is also calling for the pro-Palestine protests to be crushed by the National Guard. The Palestinians aren't the only ones living under occupation."

In the end, the Zionists will lose when God deals with their wickedness. Learn more at Prophecy.news.

I don't get the urge to criticise Jews for the same reason I don't get the urge to criticise Jehovah's Witnesses. Both believe in illogical things which look far fetched and belonging to a time when superstition was where SCIENCE is today. I can forgive, yes I can FORGIVE
